### **WHY THE U.S. MARKET FOR MEXICAN COMPANIES?**

Some of the reasons to consider the United States market as your next business step, include the following U.S. statistics:

- GDP is about \$20 trillion
- Consumer purchases are \$14 to \$15 trillion
- Six regions offer great market entries - Country Proximity
- Population: 328 million - 127.59 million households
- 30.2 million small businesses
- Median household income was \$61,372 in 2017 and increasing
- Impeccable transportation
- Ubiquitous advertising access to consumers
- Great financing available to buy on credit

### **Why take an online seminar?**

- Very low cost compared to consultant fees
- Delivered through interactive videoconferencing
- 4 weeks a month of the online seminar
- Without traveling
- No membership fees
- Ask all the questions you want to ask
- Offered in English and Spanish - if you pay for a language, in the month one can attend for free
- Online seminars of the other language.
- Quick information
